

Request for Expressions of Interest

E20-OP073 Subsea Rock Installation

Emera Newfoundland & Labrador operates the Maritime Link, a 500 MW +/- 200kV HVDC transmission link between the island of Newfoundland and Nova Scotia.

We presently seek from qualified companies an expression of interest for subsea rock installation services in relation to our cables located in the Cabot Strait. The planned activities will include:

- a) the detailed design of rock berms for specified locations that will withstand local environmental conditions and provide the requisite level of protection;
- b) the sourcing, supply, and installation of rock material that meets the approved designs; and
- c) the surveying of the specified areas before, during and after the installation works.

Companies interested in this expression of interest are asked to return a completed copy of our EOI questionnaire by **2 p.m. NDT on Friday, July 9, 2021**. To request a copy of the questionnaire, please email a request to ENLprocurement@emera.com.

Emera Newfoundland & Labrador is committed to conducting business in a manner that ensures the health and safety of all people on our worksites, is respectful of the environment and promotes diversity and inclusion.
