

Request for Expressions of Interest (EOI)

Initiative #E26-OP203

Submarine Cable Route Inspection and Survey 2027

Emera Newfoundland & Labrador operates the Maritime Link, a 500 MW +/- 200kV HVDC transmission link between the island of Newfoundland and Nova Scotia.

We presently seek expression of interest from qualified companies for the execution of marine geophysical and visual inspection surveys along the Submarine Cable Route located in the Cabot Strait. The planned services include:

- (a) identify, source and manage a suitable survey platform,
- (b) perform a geophysical inspection survey of the entire cable route, and
- (c) perform a subsea visual inspection of select areas of the cable route.

Companies interested in this EOI are asked to request a copy of the questionnaire at ENLprocurement@emera.com

The completed EOI questionnaire is to be returned no later than 4:00 p.m. NST on **July 21, 2026**.

Emera Newfoundland & Labrador is committed to conducting business in a manner that ensures the health and safety of all people on our worksites, fosters sustainability by respecting the environment and recognizing the need for proactive climate change measures and promotes diversity and inclusion.
